SELF-PRODUCTION

A photograph of a well-lit workshop or garage. The room has a tiled floor and large windows in the background. On the left, there is a Bosch miter saw on a stand, a workbench with various tools, and a large cardboard box. In the center, a yellow and black power tool is on the floor. To the right, there is a large green air filter or dust collector, a workbench with a drill press, and a table saw. The workshop is organized and appears to be a professional or semi-professional workspace.

RESEARCH  
&  
SELF-PRODUCTION

## **manipulate materials**

The traces of the processes, which are visible in the productions, are a potential that differentiates objects in the seriality of industrial products.
